# HUMANS ARE THE MOST SOPHISTICATED INSTRUMENT IN THE LOOP

**STEVE EVANGELISTA**

VP of PRODUCT

**ANDRES BARBARO**

VP of ENGINEERING

Two experts. Same problem.  
Different timeline.

7:42 AM

The morning Ops review  
starts in 18 minutes

10:45 AM

Compressor 3B trips,  
same warning signature as something...  
We think we've seen this before...?

11:30 AM

Why is this happening,  
and what should we do about it?

2:00 PM

The new VP wants the ROI on the vibration monitoring program, before approving the expansion budget
